

ELK RESEARCH FOUNDATION INNOVATION AWARD

Nomination Form

Please include this form with the candidate's nomination packet.

Purpose

This new annual award recognizes a remarkable contribution to innovative research for the betterment of North American Elk. The award may recognize efforts in the last year or a collective work compiled over a period of time.

Background

The Elk Research Foundation is a 501(c)(3) foundation with a rich history of providing scientific research of elk health issues. Relevant issues have evolved over the years and the current Board of Trustees is focusing on key issues that will bolden the future of elk ranching in North America.

Award

A plaque is presented during the annual conference of the North American Elk Breeders Association. A press release will be shared with media, including notification to the members of the United States Animal Health Association.

Nomination

Please complete and submit the nomination form by May 31, 2020 to info@elkresearchfoundation.org.
